The Connecticut Department of Mental Health & Addiction Services (DMHAS), in collaboration with the Department of Children and Families (DCF), presents a state and 2 municipality initiative to engage and connect transition-age (16-25) young adults who have, or are at risk for, significant behavioral health disorders to high-quality care through the use of Wraparound Services.

Funding for this initiative is made possible by the Department of Mental Health & Addiction Services, via a grant from SAMHSA.

HELPING YOUNG ADULTS MEET THEIR GOALS THROUGH COMMUNITY SUPPORT AND WELLNESS
WRAPAROUND IS:

A planning process used to build constructive relationships and support networks among young adults & their families. It is:

- Community based
- Culturally relevant
- Individualized
- Strength based
- Family centered

WRAPAROUND PLANS CAN ADDRESS:

- Home
- School
- Community connection
- Basic needs
- Social, emotional, spiritual, & cultural needs

WRAPAROUND TEAM

Our Wraparound team includes Peer Specialists who offer a unique perspective and support for young adults having difficulty transitioning into adulthood. Peer Specialists are willing to share what they have learned on their journey of recovery. They tailor their support depending on each person’s individual needs.

We believe in the potential of young adults to become vital members of their communities through the transformational power of recovery.
